MERCEDES-BENZ OUTSIDE – SORTIMO INSIDE

Made for professionals

VanPartner by
Mercedes-Benz

ICONS + FEATURES

Xpress

Time is money – Fast delivery and installation are guaranteed.

3 years warranty – Sortimo offers a 3 year guarantee on these products.

Upgrade – This very flexible product can be individually combined with other Sortimo products.

Crash tested – This product fulfills the high safety requirements of Sortimo. In co-ordination with the German TÜV, DEKRA and the ADAC, the equipment has been successfully crash-tested in simulated emergencies.

Lightweight yet robust – This product combines modern lightweight construction with utmost stability.

ProSafe – The lashing point for the ProSafe hooks are already integrated in the equipment and quickly ready for use.

CO₂ reduction – Based on modern lightweight construction, the weight of the equipment has been considerably reduced to save on petrol and reduce CO₂ emissions.

MERCEDES-BENZ AND SORTIMO – COMPREHENSIVELY CARE-FREE

Buying a vehicle is a matter of trust

You have chosen a Mercedes-Benz CV because you set value on quality and individual benefits. But quality and individual benefit should not know any boundaries. This is why Sortimo is exactly the right choice if you wish to have a van racking solution. We open up new horizons with intelligent solutions for your individual requirements.

Your benefits

We have perfectly fitted equipment for your transporter, because we develop our solutions together with Mercedes-Benz. The Sortimo shelves are tailored to exactly match the already existing fastening points in your vehicle. Therefore you no longer have to put up with any damage to the body of your transporter.

Individually for you, perfect fit for your Mercedes-Benz.

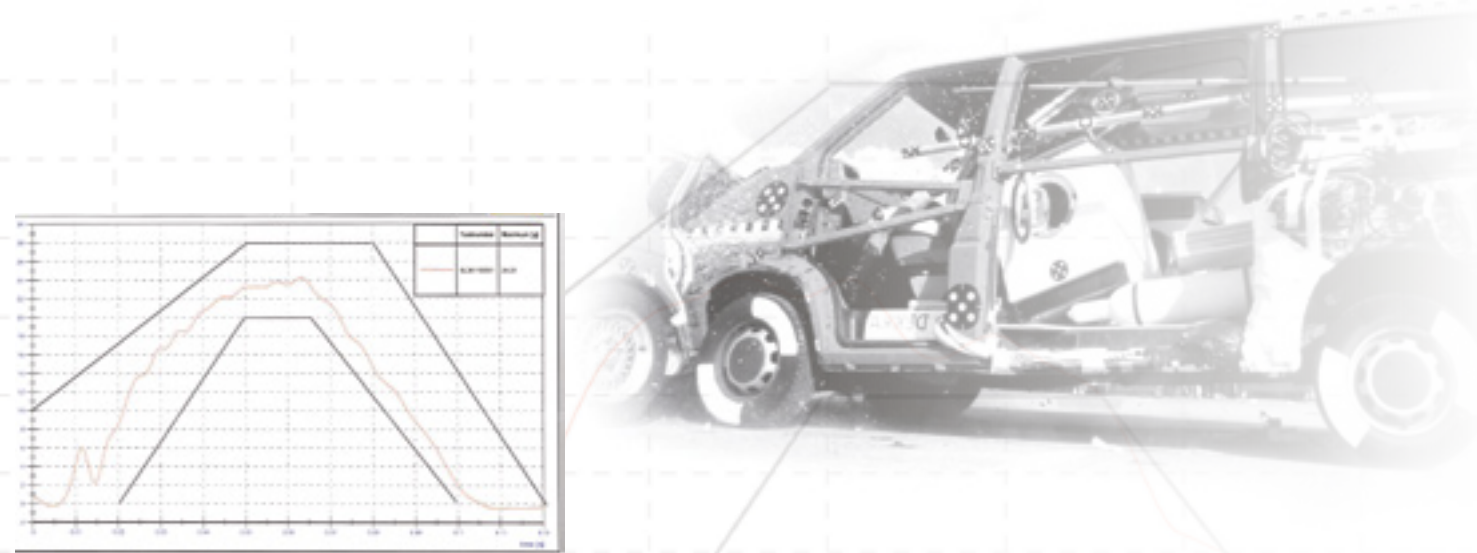

CRASH TEST

We've driven our products into the wall - successfully

All Sortimo van racking solutions have been crash tested. In co-operation with the German TÜV, Dekra and ADAC, Sortimo simulates the emergency under real conditions, so that your load won't become a life-threatening projectile in case of a crash.

At a barrier impact speed of 50 km/h, the Sortimo products are literally driven into the wall. This way we ensure that our van racking solutions also meet the high demands of Sortimo when it comes to safety.

Only those which pass their on-road test are good enough for our customers.

OUR PACKAGE FOR YOU

We open up new horizons for your requirements and your Mercedes-Benz with convenient van racking solutions.

GLOBELYST XPRESS from page 6

Globelyst scores with its modular system, which can be changed or extended as you wish, at any time. **Xpress** describes van racking solutions of the Globelyst product line, which **perfectly fit to your Mercedes-Benz Citan, Vito or Sprinter** and are delivered and installed in Xpress time.

PROSAFE

With the **ProSafe lashing system** both you and your transport are safe on the road. The integrated load securing system ProSafe from Sortimo enables a **quick and easy lashing of loads** and thereby provides not only for safety but also for order and an efficient operational management.

Since 2014 Sortimo offers in addition as sole manufacturer an entire load securing package as a complete solution for your Transporter with its **SoboGrip ProSafe floor**.

Further information can be found on **page 24**.

SIMPLECO from page 32

The clever solution for your Citan for **self-assembly**. The shelves are suspended from above so that there is still sufficient space for pallets and bulky loads in the floor area, even in a versatile small van.

Your advantage: The order is made **quick and easy** and is delivered to you within a short time. Take a look at simpleco for yourself from **page 32** onwards.

THE PACKAGE:

Predefined van racking solution with maximum use of space

- + attractive price-performance ratio
- + everything from a single source

With the **Sortimo load safety system, the BOXxes and the case programme**, as well as with the extensive **Original Accessories** your individuality does not have set boundaries.

You can find further information on this from page 24 to 31.

from page 24-31

GLOBELYST - AT A GLANCE

Xpress

Composite long components tray

The long components tray allows you to transport longer items in the vehicle without any problem.

Sortimo S-BOXX

Sortimo's S-BOXXes are available in four heights, two widths and three depths. They are the ideal container for small components, spare parts or screws and can be securely locked on the shelf. You can pull the drawer out for easy access to all parts.

Sortimo i-BOXX

The i-BOXXes from Sortimo are clever little storage solutions that can be used on their own or as part of the LS-BOXX. They are available in two heights and can be fitted with Inset boxes.

Sortimo Accessories

Original accessories from Sortimo are practical supplementary products for all trades and industries. From the cable holder to the cable hook – Sortimo will fulfil your requirements.

Racks and trays

Up to the last corner, the space in your vehicle can be utilised: Tools and spare parts can be neatly arranged in the racks and trays of Globelyst.

Floor Front

Floor fronts provide for order, visual cover and safety in the vehicle.

i-BOXX Adaptor plate

Your i-BOXX is securely locked in place during transport with the aid of the i-BOXX holder. The holder can be screwed to the perforated side panel or to the vehicle itself.

Shutter

With the shutter made out of hollow-chamber profiles, load safety and visual cover takes only one movement. The optional lock provides additional protection against unauthorized access.

ProSafe

The load safety system is integrated into the poles and traverses of the van racking solution.

Sortimo L-BOXX and LS-BOXX

Mobile plastic boxes with a wide variety of possible partitions, available in five heights. L-BOXXes can be quickly click-joined with each other and transported as one.

Sortimo T-BOXX

Thanks to the practical plastic case with the transparent lid you can see right away what is in the BOXX. The T-BOXX can be safely stored in the vehicle equipment.

Sortimo M-BOXX

A large mobile box with handle, also available with a lid. The M-BOXX locks in the system and can also be used as a drawer.

Metal case

The original case is available in many different variants. The case is on rails and can be pulled out completely.

Drawers

The new drawers with their user-friendly handles made from impact-resistant plastic are fully extendible and can be loaded with up to 80 kg. They are available in four different widths and heights.

Workbenches

Sortimo workbenches turn your van into a mobile workshop. Both, folding and extendible workbenches are available and can be supplemented with a rotating vice plate and a vice.

Case clamp

Secures tool and machine cases and can be positioned in no time.

MultiSlide

The MultiSlide allows an easy handling of all cases and BOXXes. With the full-extension slide the lids can be opened completely and small parts and tools can be accessed quickly.

Safety and protective floors

The basis for your van racking system is the safety or protective floor. You can choose between a variety of floors. The floors are cut to size for different vehicle models, offer integrated lashing possibilities and protect the vehicle floor from damage.

PROSAFE - SAFETY SERIES PRODUCTION

ProSafe in Uprights

ProSafe in the Traverse

ProSafe lashing point in the Floor

ProSafe as Floor Rails

ProSafe is integrated as a standard in the load safety system from Sortimo.

The lashing belts and load safety nets can be hooked in uprights, frames, traverses and floor rails without difficulty. ProSafe makes load safety possible in no time at all.

Your benefits:

- ✓ You and your freight are safe on the road.
- ✓ You preserve your material.
- ✓ You save on time, weight and money.

ProSafe bungee strap

The ProSafe bungee strap suits perfectly for the fixation of bulky goods in a vehicle.

CargoStopp ProSafe

The CargoStopp allows for reliable load safety on the vehicle safety floor. It is inserted into the ProSafe floor lashing point with its hook.

SOBOGRIP PROSAFE PROTECTIVE FLOOR

SECURE, TIME SAVING AND SIMPLE!

NEW!

The SoboGrip ProSafe protective floor is an innovative and professional load securing concept from Sortimo which enables a completely flexible lashing of goods on the floor. That way, goods can be secured more quickly, more diversely and more efficiently than ever before. In addition the SoboGrip ProSafe floor is compatible with all ProSafe applications, such as for example straps or restraint poles and enables a quick and easy assembly of Sortimo van racking systems by means of preconfigured connection points.

The Sortimo SoboGrip ProSafe protective floor is the modular base load securing concept

- ✓ highest safety standard,
- ✓ variable applicability,
- ✓ optimum efficiency for your workday!

SOBOECO FLOOR - **NEW!**

THE EXTRA LIGHTWEIGHT PROTECTIVE FLOOR

The **SoboEco floor** is an especially lightweight plastic protective flooring with a corrugated surface structure therefore enhancing grip ability.

With the SoboEco floor Sortimo offers a solution for everybody that does not require a van racking system but still would like to protect their vehicle against damage and wear and tear.

Quick and simple protection for your vehicle - with the SoboEco floor:

- ✓ extra light, 50% lighter than wood
- ✓ no assembly effort
- ✓ delivered in one piece

THE SOBOECO FLOOR FOR YOUR MERCEDES-BENZ:

MATERIAL PROPERTIES

- ✓ Floor made of plastic
- ✓ Material strength 10.5 mm
- ✓ Extremely slip-proof due to groove structure
- ✓ Moisture and chemical resistant
- ✓ Cut to fit vehicle type exactly

If you have a delivery service, a car rental service or you require protection for your Transporter, then the **SOBOECO FLOOR** will meet your requirements.

TOPSYSTEM FLEXIBLE LOAD SECURITY ON THE VEHICLE ROOF

Ladder lift

The Sortimo ladder lift is suitable for the convenient transport of heavy ladders. Thanks to the gas-pressure spring supported lifting system there is no lifting or lashing of the ladder required. All single and multi-ladders can be easily accessed from the ground. The ladder lift is available in two basic lengths 2.5 and 3 metres.

The transport tube

A perfect addition to the TopSystem. The transport tube is ideal for securely storing long goods and keeping them dry. The cover is lockable.

Loading roller

The ideal helper for heavy or large volume goods. Your loading material can be conveniently rolled onto or off the vehicle roof. It is available in the following widths: 500, 1250, 1350, 1450, 1550, 1650 and 1750 mm.

Profile supports which can be variably positioned

The profile supports are responsible for the side wall securing of loads. The height of the profile support can be individually shortened as required. Both profile supports are to be fastened anywhere needed above the aluminium cross members.

Panorama warning beacon

A warning beacon to safeguard a place of operation.

Alternatively the magnetic warning beacon can be attached to the lateral retaining bracket on the TopSystem without the need for any drilling (see picture right).

The profile tracks

Enables easier implementation of additional cross members. It increases stability and carries a vast amount of accessories. The lashing strap buckles can be easily latched to the tracks. The rubber strip on the top prevents the load from slipping.

The side rail

The aluminium side rail increases stability and implements as many cross members as required. Your company logo can be put on to the side rail. A ladder can be leant against the vehicle without damaging it.

Fastening for ladders

To hold the ladder in place and prevent it from slipping sideways, it is possible to mount fixing clamps on the side wall of the vehicle.

Operating platform

Sortimo's finishing touch to a complete product portfolio is the operating platform. The guard rail on the TopSystem secures you even when working at an airy height. The lightweight system is comprised of anodised aluminium and connection elements made from high quality steel and is suitable for all vehicle roofs. The guard rail can be easily folded away after usage.

ORIGINAL ACCESSORIES FROM SORTIMO

With the help of **Sortimo's industry-specific Original Accessories** our Xpress racks can be customised to your individual needs. The convenient perforated aluminium plate for example offers the ideal place to attach hooks and holders for tools and documents.

Moreover, customised partitions and divider sets for drawers or trays, storage pockets, lashing rails, workbenches and much more facilitate the best usage of your vehicle.

<http://www.sortimo.com/brochures>

Discover more in our brochures **Original Accessories** and **Mobile Assortments**:

Download on: www.sortimo.com/brochures.
or order via the form on **page 41**.

MOBILE ASSORTMENTS PORTABLE ORDER FROM THE START

Sortimo offers a great variety of **Mobile Assortments in terms of cases and BOXXes**, which can be

combined with one another and are compatible with the van racking solutions.

PARTNER APPS

Not only Sortimo customers are convinced of our BOXXes, but renowned manufacturers as well. They use the **Sortimo L-BOXX** as a transportation box and outer packaging. Thanks to continuous new partners the L-BOXXes become true partner apps with a variety of application options. Regardless from which manufacturer you acquire a Sortimo BOXX, the system stays the same and **is of course compatible with the Sortimo van racking solutions**.

Your benefits:

- ✓ You can easily take the BOXXes with you to the site of operation.
- ✓ You keep order in your vehicle and at your workplace.
- ✓ Your tools, machines, small and spare parts are securely stored in the vehicle.

WHY COMPLICATED, IF YOU CAN ALSO HAVE IT SIMPLECO®?

You are looking for a simple and efficient order solution for your van?

The simpleco shelf system convinces with simple self-assembly and shortest delivery times within three working days.

With just a few movements you have a shelf system with low net weight and sufficient storage space into which you can of course conveniently integrate all Sortimo BOXXes.

Since the simpleco system works **without floor plate**, you not only save installation time, but in particular weight and costs. At the same time there is enough space for bulky loads.

SIMPLECO BY Sortimo®
simple & economic

SIMPLECO® SIMPLE AND ECONOMIC

www.simpleco.com

Innovative shelving design in proven Sortimo quality

With simpleco, you can kit out your vehicle with smart equipment at a great price, without having to compromise on quality.

Delivery within 3 working days throughout Europe.

Your new simpleco equipment will be delivered to you by courier within just 3 working days.

Fits all popular makes of compact van

We have a suitable simpleco solution in stock for all common brands of vans.

No need to be without your vehicle for a minute.

DIY installation means that you can decide when and where to install the equipment. Detailed instructions for easy assembly are provided with each delivery.

Lightweight and easy on the pocket

simpleco gives you top performance at a low price. Its lightweight construction keeps down your fuel costs and your van still retains the same carrying capacity.

You will be delighted with simpleco® – guaranteed!

We are so convinced of the top quality of our simpleco equipment that it comes with a 3 year guarantee from Sortimo.

Choose your own individual simpleco® fittings!

With 12 different shelf options in three widths and two depths for both the left and right side, you can kit out your vehicle exactly how you want it.

No-risk purchase

If you are not totally satisfied with your simpleco system, just return it to us within one month of purchase for a full refund.*
